TL

PROFILE

Full-stack developer with 4+ years of experience building reliable Laravel and React products for local businesses and membership communities.

CORE SKILLS

- Laravel, PHP, REST APIs
- React, JavaScript, Vite
- MySQL, database design
- Responsive UI and accessibility
- Git, deployment, handover notes
- English and Myanmar UI support

LANGUAGES

Myanmar - Native
English - Professional working proficiency

EDUCATION

B.Sc. Computer Science
University of Computer Studies
2017 - 2021

WORKING PREFERENCES

- Fixed-price projects with clear milestones
- Weekly written progress updates
- Source code and practical handover notes

SELECTED EXPERIENCE

Freelance Full-Stack Developer

2023 - Present

Independent projects

- Delivered Laravel and React dashboards, portals, and internal tools for local service businesses.
- Converted requirements into staged milestones, concise updates, tested releases, and practical handovers.

Web Developer

2021 - 2023

Bright Path Digital

- Built responsive PHP and JavaScript interfaces backed by MySQL and reusable REST API patterns.
- Collaborated with designers and clients to resolve feedback, test mobile views, and improve delivery quality.

RELEVANT PORTFOLIO

Bilingual membership portal

Responsive account, membership, and course-access experience with English/Myanmar-ready UI patterns.

Local commerce operations dashboard

Role-aware dashboard with project status, reporting, and clear mobile navigation.

AVAILABILITY

Available for fixed-price projects

Typical delivery: 2 to 4 weeks for a portal MVP

DELIVERY APPROACH

- Clarify the scope and success criteria before development begins.
- Share reviewable milestones instead of waiting until the final delivery.
- Test mobile layouts and document the setup before project completion.
